MARKETING COMMITTEE

San Diego needs to know about us!

The SDWF is anxious to get the word out about our organization and the organizations that we support and we could use your help in telling those stories. If you have a background in marketing, web design or PR or you're just interested in being part of that effort, we welcome your participation.

Please contact Gail Vetter Levin at gvetter@san.rr.com for more information.

NEW MEMBERSHIP DIRECTORY COMING SOON

We are working hard on publishing a new version of the SDWF Membership Directory. Soon you will be hearing from us as we will be sending a letter for your permission to list your name and contact information. As a member you can opt out and have only your name listed or choose what information you do want published. You will also be able to let us know in what form you would like your directory delivered to you; a hardcopy mailed or an electronic copy emailed. Stay tuned as we will be sending the permission letters out in the next couple of weeks.
