

## **SDWF Corporate Sponsor Opportunities**

*The San Diego Women's Foundation connects, educates and inspires women to come together in collective philanthropy*

Since our founding in 2000, the San Diego Women's Foundation has brought together nearly **700 community-minded women, investing more than \$4M in over 90 nonprofit organizations, touching more than 88K lives in our community.**

Each year our grantmaking tackles the toughest issues facing our community, including recent grant cycles on youth homelessness, human trafficking, and refugees, asylees and asylum seekers. In addition, we've provided rapid-response funding to support racial justice work and provide critical aid to neighbors impacted by COVID-19.

Last year alone, our grants supported transitional housing and therapy for 16 survivors of human trafficking, funded training about the dangers and signs of trafficking for over 1,000 teachers and 13,000 school-age youth and provided intensive prevention programs for 55 high-risk youth in our community.

We believe in collective change and we invest in the education and philanthropic leadership of our members, who then become advocates for community issues and agents of change in San Diego County. In addition, we're expanding our educational offerings to provide learning opportunities that are open to the public on diversity, equity and inclusion, trust-based philanthropy, and critical issues in our region.

Together, we can make a difference. Join us in our efforts to build a better, safer, and more equitable San Diego.
